www.linkedin.com/in/abir-al-mahdi-akhand-7599b7267/

Hobbies and Co-Curriculars

Debating, Sports, Painting and Artwork, Hand-to-Hand Combat, Fitness Enthusiast

Soft Skills

Leadership, Teamwork, Research, Punctuality

Inter-personal communication, Presentation, Impromptu speech, Anchoring

Proficient in both written and spoken English and Bengali

Educational Background

Bachelor of Science (BS) in Computer Science and Engineering (May, 2022 – December 2025)
North South University, Dhaka.
CGPA – **3.57** on a scale of 4.

Higher Secondary Certificate (2019-2021)
Adamjee Cantonment College, Dhaka.
GPA-5 on a scale of 5.

Secondary School Certificate (2017-2019)
Adamjee Cantonment Public School, Dhaka
GPA-5 on a scale of 5.

Experience

Intern Software Developer (May, 2025 – December, 2025)
Marks Automation Ltd, Mirpur DOHS, Dhaka.

- Developed HR Management System and ERP Software using Django.
- Developed the company's official website.

Junior Software Developer (January, 2026 - Ongoing)
Marks Automation Ltd, Mirpur DOHS, Dhaka.

- Developed Energy Management System software using Django and ChartJS.
- Connected different IoT devices and Electricity meters thorough MODBUS and OPC-UA protocol and fetched real-time data using Python's PyModbus library.

Technical Skills and Expertise

Technical Skills:

Prompt Engineering,
Full-stack Web Development,
Android App Development (Basic),
IoT Integration,
Web-Scraping
Microprocessor Programming (Raspberry Pi)
RESTful API Development,
Machine and Deep Learning,
Desktop App Development,
Socket Programming,
Database Management (Basic)

Programming Languages:

Python, MicroPython, Java,
Dart (Basic), JavaScript, ARM Assembly (Basic) HTML/CSS, C/C++, MySQL, SQlite

Tools:

Github, Docker(Basic), WebRTC

Others:

MS Word, Excel, PowerPoint, LaTex

Tech-Stacks:

- **Web Development**: ReactJS, Django, Django REST Framework, Flask, Bootstrap, TailwindCSS, Axios
- **Web-Scraping and Automation:** BeautifulSoup, Selenium
- **Mobile App Development:** Flutter(Basic skill), Kivy (Python)
- **Desktop App Development:** Tkinter, Kivy, JavaFx
- **Machine Learning and AI:** Pytorch, OpenCV, MatplotLib, Numpy, Pandas, ScikitLearn, CNNs, Computer Vision, LLM, NLP.
- **Database (Basic skill):** MySQL, SQLite

University, Professional & Personal Projects and Thesis

- **Energy Management System** (Professional Project)
  Tech-Stack & Skills: Django, PyModbus, ChartJS, HTML5, CSS3, JS

- **HR Management and ERP Software** (Professional Project)
  Tech-Stack & Skills: Django, ChartJS, HTML5, CSS3, JS

- **Android Powered Smart Home Automation System** (University In-Course Project)
  Tech-Stack & Skills: Flutter, MicroPython, Raspberry Pi PICO, Prompt-Engineering

- **VisionGuard: AI Powered Intelligent Video Anomaly Detection Based on Text Queries** (Final Year University Capstone Project)
  Tech-Stack & Skills: Django, PyTorch, Computer Vision, NLP, HTML5, CSS3
  www.github.com/abiralmahdi/MomentDetection

- **Pruning Facial Detection Models Based on Local Sensitivity Awareness: A New Approach** (Thesis)
  Tech-Stack & Skills: PyTorch, Deep Learning, MatplotLib, Numpy
  www.github.com/EzazAsif/custom-pruning-Algorithm

- **StatistiKids: A Kid Friendly Programming Language to Teach Probability and Statistics** (Final Year In-course University Project)
  Tech-Stack & Skills: Compiler Design, Lexical Analyzer, Parser
  www.github.com/abiralmahdi/StatistiKids-KidsFriendlyProgrammingLanguageToTeachStatistics

- **YouTube, Netflix and Instagram Clones** (Personal Project)
  Tech-Stack & Skills: ReactJS, JavaScript, CSS3
  www.github.com/abiralmahdi/reactjs-netflix-clone, www.github.com/abiralmahdi/reactjs-youtube-clone

- **Full-Stack E-Commerce Web Application** (Personal Project)
  Tech-Stack & Skills: ReactJS, Django REST Framework, RESTful API, CSS3, SQLite
  www.github.com/abiralmahdi/react-e-commerce

- **Retail Management System/Mini-ERP Software for PC** (Personal Project)
  Tech-Stack & Skills: Python, Tkinter, MySQL, Desktop App Development
  www.github.com/abiralmahdi/RetailManagementSystem

- **E-Learning Platform Web Application** (Personal Project)
  Tech-Stack & Skills: Python, Django, MySQL, HTML5, CSS3
  www.github.com/abiralmahdi/RetailManagementSystem

- **Employee Management System** (1st Year In-Course University project)
  Tech-Stack & Skills: Java, JavaFx, FileI/O
  https://github.com/abiralmahdi/Employee-Management-System-with-Java-CSE215-Project.
